

LAUNDRY PURE 2.0

LaundryPure 2.0 puts the technology of nature to work in the laundry room at home by using cold water infused with hydrogen and oxygen-based oxidizers to bubble and lift dirt from clothing fibers.

BENEFITS

- Buzzer to let you know when your laundry is done
- Screen display that lights up blue or red to notify you of any problems
- Installs easily with your washing machine
- Maintenance free

"My kids are into lots of sports, but my youngest has lots of skin sensitivities. Almost every detergent makes him itch like crazy. So I love the idea of being able to use only cold water and my LaundryPure 2.0 to get our clothes clean without using chemicals."

- Marlena M.

WHAT LAUNDRYPURE 2.0 PROVIDES:

LaundryPure 2.0 incorporates the power of our revolutionary, exclusive ActivePure® Technology with the cleaning action of activated oxygen to lift dirt and grime away from the fibers of fabric and prevent the growth of odor-causing bacteria. These oxidized gases are injected into microscopic water molecules to create powerful oxidizers that seek and destroy contaminants, fungi, mold, and odors as they enter the washing machine.

	Electric Water Heater		Gas Water Heater		LaundryPure 2.0
Water Temperature Setting	Hot / Cold	Cold / Cold	Hot / Cold	Cold / Cold	Cold / Cold
(includes electricity + water + water heating)	\$0.61	\$0.24	\$0.42	\$0.24	\$0.24

Fabric softener cost per load	\$0.36	\$0.36	\$0.36	\$0.36	X
Cost per load	\$1.42	\$1.05	\$1.23	\$1.05	\$0.24
Avg loads / year	392	392	392	392	392
Annual cost	\$556.64	\$411.60	\$482.16	\$411.60	\$94.08
Annual Savings with LaundryPure 2.0**	\$462.56	\$317.52	\$388.08	\$317.52	

SO WHAT IS ACTIVEPURE® TECHNOLOGY?

ActivePure is based on technology originally developed by NASA. It is proven to reduce up to 99% of surface micro-organisms and dramatically reduce airborne contaminants and allergens in the air. **In 2017, ActivePure Technology was inducted into the Space Technology Hall of Fame by The Space Foundation.**

FEATURES

LAUNDRY PURE 2.0

TECH SPECIFICATIONS

MODEL	LAUNDRYPURE 2.0
AC/DC Adaptor	AC in: 100 – 240V ~ 50/60 Hz .45A • DC out: 12V 2.5A
Power Consumption	0.4W AC (standby mode) • 1.3W AC operating
Dynamic Water Pressure	Minimum 20 psi to 60 psi maximum (1.37 ~ 4.13 bar)
Water Temperature	Use cold water only (do not use hot water)
Operating Environment	50°F – 100°F (10°C - 37.8°C) Humidity 40% ~ 85%
Dimensions	17.3" wide x 5.19" high x 3.69" deep • 43.94 cm x 13.48 cm x 9.37 cm
Weight	4.3 lbs • 1.95 kg
Warranty	Three (3) year limited warranty

NOTE: LaundryPure 2.0 reduces or eliminates the need for laundry detergent. While many users find that LaundryPure 2.0 alone effectively cleans their laundry, you may find it necessary to pre-treat or use a reduced amount of detergent. If you find that pre-treatment is necessary, we recommend using Re:Move from Vollara. If you decide to use detergent, you should use about 1/8th the amount you previously used before your LaundryPure 2.0 purchase.

GREAT FOR PEOPLE WHO:

- Busy people who don't have time to wash clothes several times to get stains out
- Anyone who's sensitive to detergents
- People who want to eliminate chemicals from their laundry
- Anyone who wants brighter, softer clothing and linens
